PATIENT INSTRUCTIONS

❑ Regular Stress Test:

1. Do not eat food two hours prior to your scheduled test time. Diabetic patients may have a light snack or follow physician recommendations.
2. Do not have ANY caffeine (coffee, tea, colas, chocolate, including all decaffeinated beverages) for 12 hours prior to your test.
3. Do not smoke prior to your exam on the day of your test.
4. Wear flat, comfortable walking shoes and non-restrictive clothes. Women may want to wear a button-up blouse and should avoid dresses and pantyhose.
5. Do not use any bath oil, lotions or powder on your chest area.
6. Do not exercise prior to your test.
7. If you have a history of asthma, bring your inhalers with you.
8. Bring a list of your current medications.
9. This procedure takes approximately 45 minutes to complete.

❑ Nuclear Imaging Stress Test:

❑ Pharmacological Stress Test:

1. Do not eat food two hours prior to your scheduled test time. Diabetic patients may have a light snack or follow physician recommendations.
2. Do not have ANY caffeine (coffee, tea, colas, chocolate, including all decaffeinated beverages) for 12 hours prior to your test.
3. Do not smoke prior to your exam on the day of your test.
4. Wear flat, comfortable walking shoes and non-restrictive clothes. Women may want to wear a button-up blouse and should avoid dresses and pantyhose.
5. Do not use any bath oil, lotions or powder on your chest area.
6. Do not exercise prior to your test.
7. If you have a history of asthma, bring your inhalers with you.
8. Bring a list of your current medications.
9. This procedure takes approximately 2.5 to 3 hours to complete.
10. If you are pregnant or breast feeding, please contact our office for further instructions. Your exam may need to be converted to an alternative exam.

For patients having a Pharmacologic Stress Test: If you are taking **Aggrenox, Persantine, Uniphylor Theophylline** always check with your ordering physician if he/she has any special instructions to be adhered to (such as withholding a medication the day of your test).

❑ Resting MUGA Scan:

1. No special Preparation. The exam takes approximately 60 minutes.
